

Covid Gathering Policy

If a student goes to

1. an AMUSEMENT PARK with rides
2. Crowded places (including airplane) where physically distancing is not possible
3. Large social gatherings
4. Travel out of state without physical distancing and masks
5. A meal with people outside household and can not stay 6 feet apart

You will need to let us know and understand that...

- Our staff will not be spotting that student for 14 days and will instead be teaching through developmental lead up skills and drills
- The student will be seated at an individual table for snacks and lunch

So to help mitigate the spread, when with others not in your household, WEAR A MASK & STAY 6 FEET APART.
When masks are not worn... that is when Covid has highest risk of spreading.

Covid Contact Policy

Please keep your family out of our facility and CONTACT US if you have any of the following situations so we can give you a return to gym date:

- If your child or anyone in your household has been in direct contact (per CDC: less than 6ft apart for 15min in 24 hr period) with a COVID POSITIVE person
- If anyone in your household has any COVID symptoms> COVID SYMPTOMS include dry cough, runny nose, headache, body ache, sudden fatigue, loss of taste or smell
- If anyone in your household, or anyone that your household member has been in close contact with, are awaiting COVID test results
